

Putnam County Elementary School Report

School reports are of value if they help parents to understand the meaning of practices in school and the opinion of the school of the child's progress. We want each child to compete with his own record, not with those of other children. Therefore, teachers and parents should avoid comparing the child with other children.

The school desires to help each child become a worthy member of the group, use his leisure time wisely, and master the school subjects.

NAME Geraldine Loftis
GRADE five

Double Springs ELEMENTARY SCHOOL

Report of Geraldine Loftis

Grade _____ Year 1936
