June, the school teacher is my mother--standing by the man with the tie on. I have most all those identified. This was the old school upon the bluff, which the Interstate got. Beverly Medley also has on a tie with his overalls--he became a Lawyer. Kathleen Burch is on the front row, 2nd from the right. Information courtesy of Naomi Carolyn (Shanks) Huddleston.

As to the picture: I have only 3 Winchester children of Neil Winchester identified in this picture. Identifying people always go left to right and Row 1 is the front row. 2nd row - 3rd child is Noble Winchester, - 10th child is Olan Winchester, 4th row - 4th child is Lila Gustava Winchester. And Lila is my wife's mother. All the Winchester children were born in the house on the bluff at Buffalo Valley where Neil Winchester, my wife's grandfather, ran a ferry across the Caney Fork River on the western edge of Putnam County. The two oldest of Lila Gustava Winchester Vaughn's 7 children were born in that house--my wife and her older brother. Information courtesy of Wayne Woodward.
