1792 - Signed a petition to have road built from Catawba River to Montford Cove, Burke County, NC.

Abner, his brother Joseph, and their families arrived on Flynn's Creek in Jackson County, TN in November 1799. Freezing weather was upon them before they were able to construct a shelter. They had 60 head of cattle which they planned to feed through the winter in the cane break. Abner settled near where Antioch Church of Christ now stands. Abner built his house about 150 feet from the huge spring on land now owned by Doxie Birdwell. The area soon became the Chaffin Settlement. The Smith County Court in 1801 ordered a road built from Fort Blount on the Cumberland River to the Chaffin Settlement.

Abner and Joseph established a gunpowder business before 1812. They mined saltpeter and lead from the old Peter's Cave on Blackburns Fork. These products were ground by a water mill powered by the big spring on Abner's property. Parts of the old mill are still visible in the water below the spring. The gunpowder was sold in Lawrenceburg, TN to a Federal depot which supplied Andrew Jackson in the War of 1812.

In 1806, a petition was circulated and signed by over 200 residents of Jackson County, TN, including Abner Chaffin, asking the General Assembly to pass an Act reducing the size of the county to its Constitutional limit of 625 square miles. It also suggested that a permanent site for the County Seat be chosen.

Much confusion exists on the spouse of Joseph and/or John Stanley Jackson. Jean Winstead has info that the correct order is as the info stands today. 06/13/00
