

VETERANS OF PUTNAM COUNTY TENNESSEE VETERANS HALL (part 2)

<http://www.ajlambert.com>

The hall will display photographs of soldiers from their military service, with some already on display from the Revolutionary War through present-day military action in Iraq and Afghanistan. To be eligible for display in the hall, the veteran must have a Putnam County connection, such as being born or buried in the county, having attended elementary or high school in Putnam County or having lived in the county for at least 20 years and plans on being buried here. Veterans may also qualify if they have lived in the county for 20 years and have been married to someone for at least 20 years that was either born in the county or attended school here.

Photos are displayed in a high-quality frame with acid-free matting. The display includes information on the veterans military service. Cost is \$35 for framing, or \$25 if the veteran died while in the service. Two 8x10 military photographs of the veteran are required.

In addition to the display, each veteran entered into the hall will also have a file in the archives office that includes family photos, a family history and military history, along with any other information the family wishes to include. This file is made available to the public so that family history can be passed along to the next generation.

In a partnership with the Veterans Hall, the Herald-Citizen will begin publishing a Veteran of the Week featuring one of the veterans on display at the Veterans Hall. Photos of veterans or their families will be published in the Tuesday Living section, along with information about that veteran's service.

For more information about the project, or to inquire about displaying your veteran's picture, contact Jones at (931) 520-0042 or (931) 526-2161.
