

Ethelbert H. Jared Obt.

b. 15 June 1865 – d. 15 December 1895

JARED, E. H.: **Prof. E. H. Jared**, who lived here, died at his father's home in Rock Spring Valley Monday morning after several months' confinement with consumption. Prof. Jared was an exceedingly brilliant young man about thirty years of age. He has been the principal of Cookeville High School and held other responsible positions. The duties of which he discharged with signal ability. He was an honest Christian man, an member of the M. E. Church South at this place. A few years ago he married Miss Margie Goodpasture, with whom he has lived most happily. She and a baby boy survive him. His presence we ill miss and his untimely end deplore. We can but deeply sympathize with the sorrowing family, especially the wife and little one, whom he leaves without protection.
